

*Home of The Eagle Plow and Manufacturer of
ATV, UTV, Snowmobile, and Motorcycle Accessories*

Our journey began in 2002 as American Manufacturing unveiled what the industry labeled, “The new plow on the block”. It was named The Eagle Plow. That same plow has since earned the reputation as the “BEST plow on the block” What else could a consumer expect with a plow designed by some of the best people in the industry?

American Manufacturing has since developed additional products for the ATV, UTV, Snowmobiles, and Motorcycles. We continue to pride ourselves in superior Made in the USA products, prompt customer service and innovative technology. Keeping with these values we hope our journey to be a successful, long, and enjoyable one.

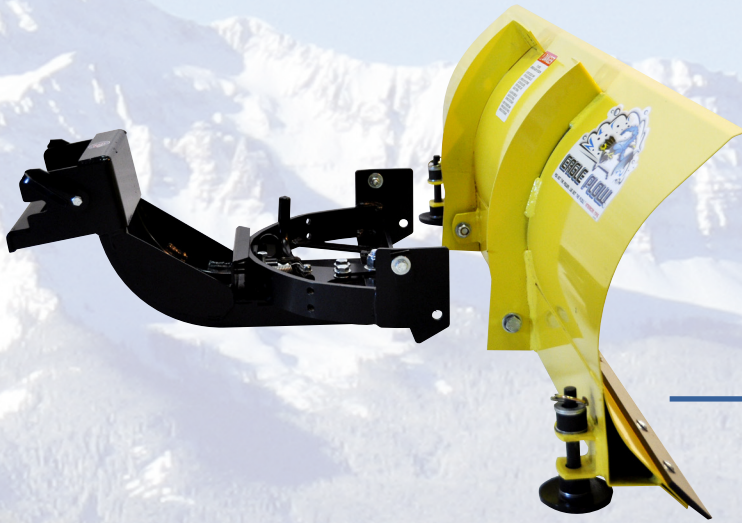

Enjoy our catalog and join us for the journey.

The Anatomy of the Original

★ QUICK MOUNT SYSTEM

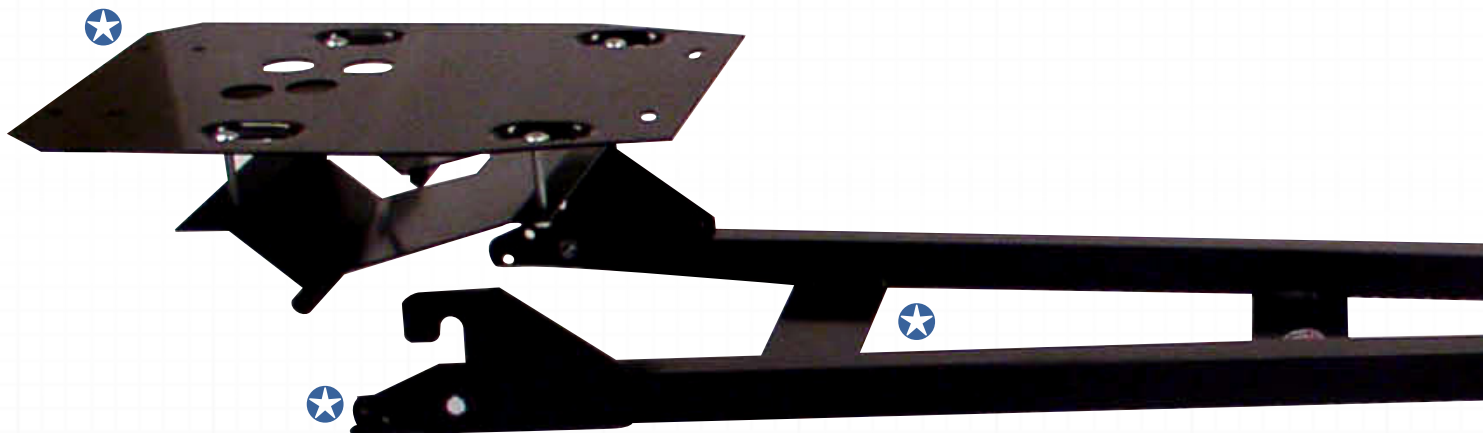

The patented EAGLE plow mount system is a culmination of over 30 years of “in the field” engineering. It is designed as a two plate system and constructed of high strength steel. The two plates are referred to as the Model specific plate and the Universal Plate.

1. The Model Specific Plate mounts directly onto the undercarriage of the ATV. The mounting plates are designed to mount between the floor boards or foot pegs. The plate does NOT affect the oil draining capabilities of the ATV. It is constructed of 12-gauge steel. This plate remains on the ATV after you remove your plow. The plate acts as a skid plate to help protect the undercarriage of the ATV. We hand fit all of our plates providing true and accurate fitments.
2. The Universal Mount plate fits onto the Model Specific Plate. The plate provides 5/8” diameter rods to mount the Push Tubes. Our thirty years of “in the field” experience has proven to us that the mounting rods that attach the Push Tubes receive a lot of stress while plowing. The EAGLE PLOW, again, has surpassed all in the industry, creating the strongest and finest attachment.

Collectively the unique Patented Eagle Plow Mount System is user friendly. It provides ease of installation, good use of material, and is fabricated and engineered to be the strongest in the industry.

We can honestly say that after 5 years in the industry, we have not had one complaint on strength and design. What more would an ATV enthusiast expect from a **MADE IN THE USA** product.

- Flat plate stays on wheeler during the summer acting as a skid plate.
- No loss of ground clearance.
- Grade 5 carriage bolts.
- Made of 11 gauge steel.

★ PUSH TUBE #2906

- 12 gauge tubing
- 1/4” mounting brackets
- Strongest in the industry
- Two cross members.
- V-shaped to prevent blade sway

★ QUICK LATCH BRACKET SYSTEM

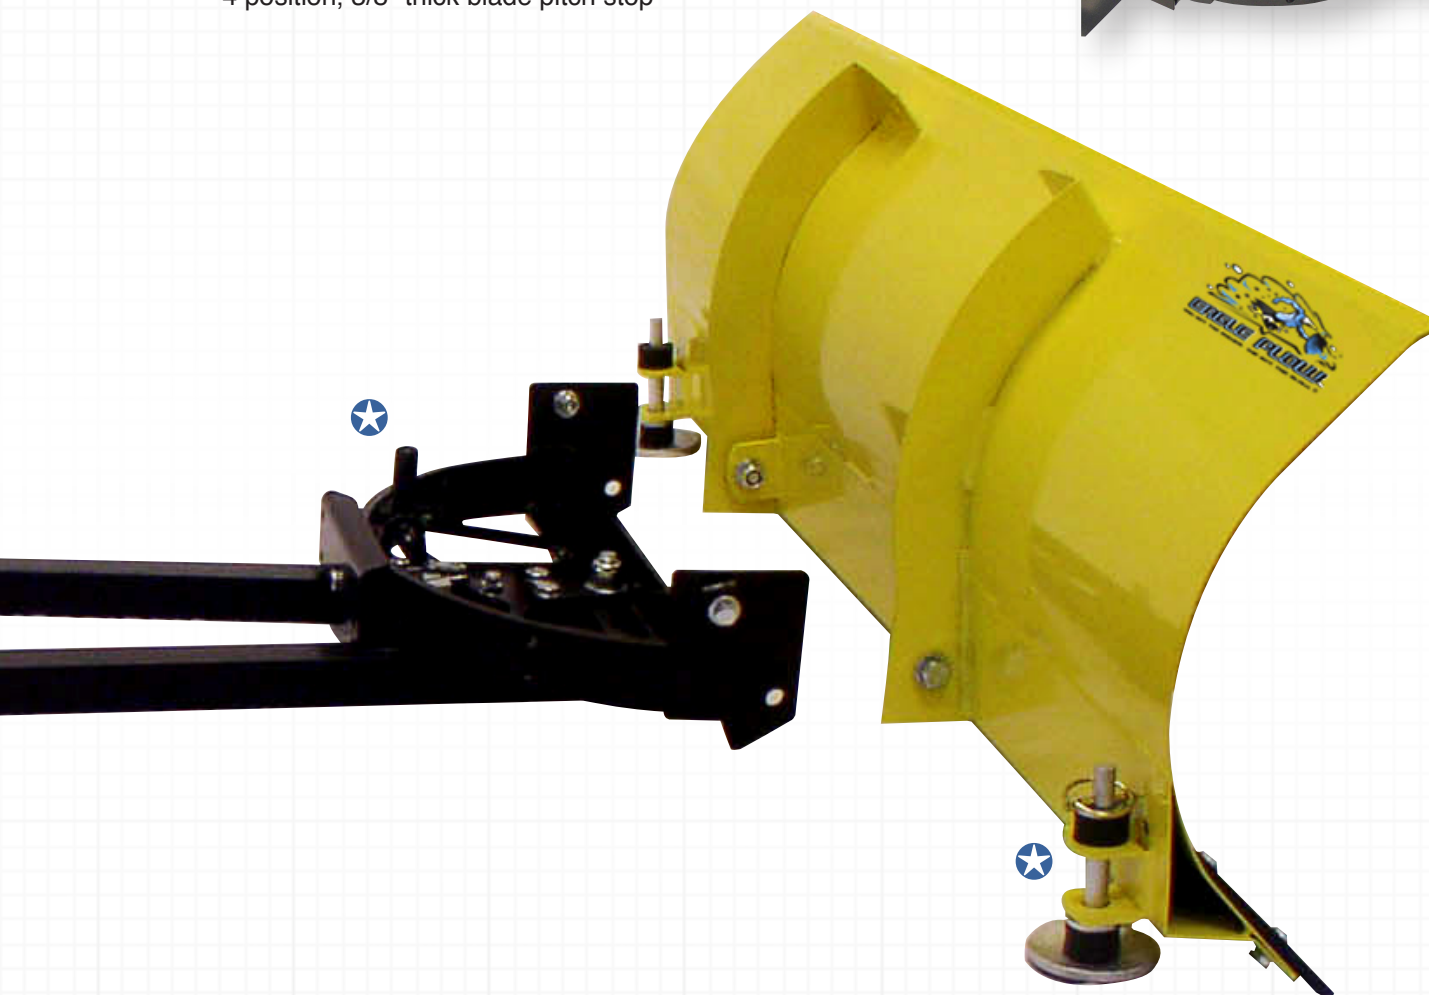

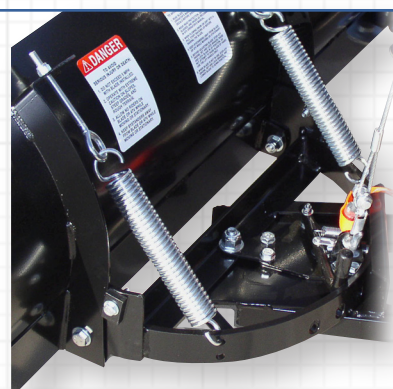

- No pins to line up.
- Install your plow in minutes.
- Just roll machine on and lock down.

Original Eagle Plow System

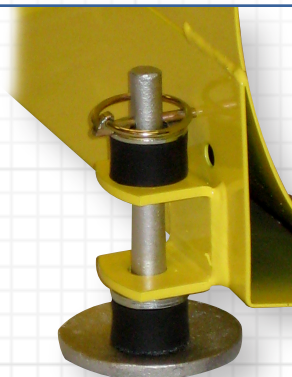

★ SWIVEL CONSTRUCTION

- 5/8" Blade Swivel Pivot Mount and pin
- 1/2" Blade Mounting Pivots
- Swivel is constructed of 3/8" thick material and 1-3/4" angle iron for strength and wear
- Swivel attaches to blade 20" apart for the strongest blade mounting system
- Built-in blade stops (prevents dented blade)
- 5 pivot positions up to 26.5° angle adjustment
- 4 position, 3/8" thick blade pitch stop

★ BLADE SKIDS

- One piece, solid ductile steel, powder coated.
- Designed for long lasting wear.
- 7 gauge skid bracket, welded on for durability.
- Height of skid fully adjustable.
- Sure Lock pins to hold hardware on.
- 3 rubber bushings absorb shock

Original ATV Eagle Plow System

There is no question that The Eagle Plow is the superior choice of plows. If you own an ATV you have two choices of design; this one, The Original Eagle Plow, or The Gen II Plow by Eagle, on the following page. If your choice is the Original Eagle Plow, this is what you will need to order:

- 1 Push Tube (part #2906a)
- 2 Plow Mount (*see pg. 7*)
- 3 Blade of choice (*see pgs. 10 & 11*)
- 4 Hand Lift Kit or Winch and Winch Mount.
- 5 Accessories

EAGLE PLOW

YOU GOT THE POWER... WE GOT THE PLOW...[©]

The Eagle Winch

**NEWLY
ENGINEERED!**

American Mfg has collaborated with the Engineering Dept of the University of Wisconsin, Stout, to develop this superior, economical winch, that is quality assured in the USA. AMI has the capability of testing winches with a sophisticated, one of a kind, machine developed in conjunction with the University of Wisconsin, Stout.

The Eagle Winch, both the 2500# and the 3500#, include standard features that distinguish them as uniquely powerful and reliable tools. The standard has been raised and it is The Eagle Winch.

FEATURES:

- DC 12V
- Synchronized planetary gear system
- Solid Steel reducer gear
- Free spooling clutch
- Automatic brake
- Simply the BEST solenoid on the market!
- 1 year limited warranty

SPECIFICATIONS / DIMENSIONS:

Gear Reduction Ratio	170:1

Dimensions 3500# (L x W x H)	13" x 4.6" x 4.4"

#1920 EAGLE 2500 LB. WINCH

- 42 feet of 3/16" cable with hook
- Heavy-Duty roller fairlead
- Snatch block
- 72" Battery cable wire and connectors
- 72" Motor cable wire and connectors
- Handlebar-Mounted rocker switch
- All mounting hardware and instructions

MSRP \$164.43

#1925 EAGLE 3500 LB. WINCH

- 39 feet of 7/32" cable with hook
- Heavy-Duty roller fairlead
- Snatch block
- 72" battery cable wires and connector
- 72" motor cable wires and connectors
- Handlebar-Mounted rocker switch
- All mounting hardware and instructions

MSRP \$271.87

Winch Mount Application Chart

The Eagle Winch Mount is constructed of 7 gauge high tensile steel. Strongest in the Industry!
The Eagle Winch mounts in conjunction with the Eagle Winch surpass Industry standards. Each mount is custom fit to the specifications of each machine and is designed to be placed behind the vehicle's bumper for protection. See the application chart below to find your specific part number.
Red lettering indicates a UTV.

MSRP \$75.15

Winch Replacement Parts

#1900 HEAVY DUTY ROLLER FAIRLEAD

Made from 11 gauge steel and has three 7/8" rollers and a 1 1/8" bottom roller for longer cable life when lifting your snow plow. Rollers have nylon bushings for smooth operation. The bolt pattern is the standard bolt pattern.

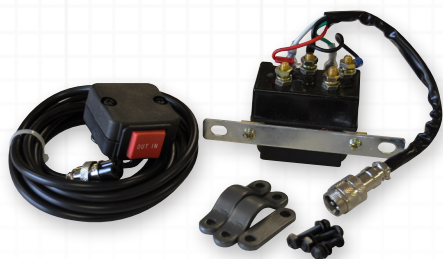

MSRP \$39.51

#1910 SNATCH BLOCK AND HOOK

Double your line pull with this superior Snatch Block and hook.

MSRP \$25.00

#1911 SWITCH/SOLENOID COMBO

MSRP \$57.64

#1912 CABLE AND HOOK

Replacement cable and hook for 2500# Winch. Includes 42 feet of 3/16" cable and cast G43 hook.

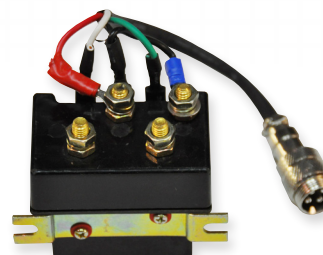

MSRP \$29.12

#1913 ROCKER SWITCH

Compact, durable rocker switch.

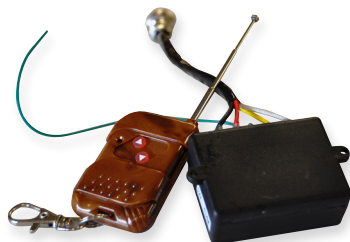

MSRP \$18.83

#1914 REPLACEMENT SOLENOID

Superior internal contacts for longevity. Most reliable solenoid on the market. Compatible with wireless remote.

MSRP \$37.67

#1915 WIRELESS REMOTE CONTROL KIT

Operate your winch from up to 50 feet away. Key fob key chain control. Works with 2500 or 3500 Eagle Winch.

MSRP \$39.95

#1916 REPLACEMENT CABLE HOOK

Cast G43 steel hook with a spring loaded safety latch.

MSRP \$5.95

NEW!

#1917 SYNTHETIC WINCH ROPE

New 3/16" x 42' synthetic winch rope is safer than traditional wire cables. Eliminates wire slivers and saves weight. To be used in conjunction with aluminum hawse and spools.

MSRP \$79.00

NEW!

#1918 CABLE GUIDE

- Designed to guide your cable on the spool.

MSRP \$16.20

NEW!

#1919 ALUMINUM HAWSE

- Solid cast aluminum hawse
- Smooth edges all around to protect synthetic rope from damage
- Comes complete with Hardware

MSRP \$16.00

NEW!

#1921 ROPE AND ALUMINUM HAWSE

- Complete Synthetic rope conversion kit.
- Synthetic rope, hawse and hardware.

MSRP \$95.00

Tire Chains

Eagle Tire Chains come with hardened V-Bars welded to the chain links for greater traction in winter conditions.

The deeper links will not fall between tire lugs. Chains come in a handy storage/display case.

For oversized 27" tires	3305	63.05

ATV Draw Bars

- Allows you to use a ball mount or pin pull hitch without changing hitches.
- MADE IN THE USA.

#4676

#4734

#4676 UNIVERSAL DRAW BAR
Two holes, even plane. Comes with hole for 3/4" shank and 1/2" pin hole on end. Has a 3/8" pin up hole for the 1 1/4" ATV receiver hitches. Made out of 1/4" steel.

MSRP \$32.95

#4734 DROP DRAW BAR
Same as the 4676, but has a 2" offset. Offset is reversible for height adjustment.

MSRP \$34.41

#4877 UNIVERSAL 1 1/4" ATV RECEIVER HITCH

Bolts on to most current ATV hitches. Allows you to use the American Mfg. draw bar to provide enhanced versatility. Comes with 3/4" nut/bolt and 3/8" wire loop pin.

MSRP \$35.35

#4841 UNIVERSAL RISER HITCH
3" riser hitch. 5/16" thick with ball mount and tow hoop. All mounting hardware included.

MSRP \$31.00

#4890 1 1/4" DRAW BAR
Made of 3/8" thick tongue material. Set for a 1" shank, 1 1/2" offset and this hitch has a 1/2" pin up hole.

MSRP \$32.95

#9000 RECEIVER HITCH DOUBLE STEP

A great unit for getting in and out of the box with or without a camper

- Three position adjustability going in and out of the receiver.
- Heavy duty construction and diamond tread plate on steps.
- Powder coated with a satin finish for long lasting wear.
- Weight capacity of 300 pounds.

MSRP \$67.85

Hand Shifters

Our Hand Shifters are the perfect fit for those of you who like to go mudding or exploring in deep water. They easily attach to your foot shifter lever and give you easy access to shifting while your ATV is partially submerged. You can keep your feet high and dry. Made from 5/8" tubing and a heavy duty clamp on system with an easy-grab round knob on top.

MSRP for all hand shifters \$25.10

Utility Baskets & Accessories

#5940 UNIVERSAL DROP RACK

The drop rack is a two piece design built from 3/4" square 16 gauge tubing with a simple mounting system and solid bottom tray. The two piece design allows you to easily remove the drop section while leaving the other half on the ATV rack. Perfect for work around the yard or in the woods. Powder coated in INNOTEK rubber coating to decrease noise and vibration.

MSRP \$233.43

These utility baskets are excellent for holding tools and hardware for projects. Baskets are made of perforated steel with solid corners. The baskets have a universal mounting hardware included and can easily be mounted to the front or rear ATV rack.

#5946 LARGE BASKET (29" X 12" X 4")

MSRP \$97.25

#5945 SMALL BASKET (17" X 12" X 4")

MSRP \$85.85

These Utility Baskets are well constructed with a 3/4" square tubing frame and come with an easy bolt on hardware kit. These Baskets allow you to carry that extra load to get the job done.

#4879 FRONT UTILITY BASKET

Powder coated in INNOTEK rubber coating to decrease noise and vibration.

MSRP \$117.29

#4880 REAR UTILITY BASKET

Powder coated in INNOTEK rubber coating to decrease noise and vibration.

MSRP \$135.75

#4541 LICENSE PLATE HOLDER

An easy way to display you license and state sticker. Black zinc plated and comes with 2 rubber-coated clamps and hardware for mounting to your rear rack.

MSRP \$10.15

#4234 ONE GAL. GAS CAN CARRIER

Simple design carrier comes with a one gallon gas can. Adapter kit available for certain ATV's. See below.

MSRP \$49.43

#4977 STEEL RACK ADAPTOR KIT

(for ATV's with no back rail or small back rail)
Sold as a single.

MSRP \$22.59

#4974 05-08 POLARIS RACK MOUNT BRACKET **MSRP \$40.89**

#4815 GAS CAN / COOLER

This unit easily mounts to the rack on your ATV and allows you carry a large gas can or cooler. Inside dimensions are 16 1/2" x 11 1/2" x 9" deep.

MSRP \$62.90

UTV Accessories

The quick release is designed to be securely mounted to the floor and provide a quick and easy way to install and remove your wheel chock. Built from 10 gauge steel. Powder coat finish; all hardware included.

MSRP \$40.10

DIRT BIKE RACKS

Each Dirt Bike Rack is specifically designed to custom fit each application. The 69000 series are made from 16 gauge tubing and hand-welded. The 7000 series are laser cut from 10 gauge steel. Both series are custom-formed for each model. These racks are perfect for carrying light loads or a little extra gear.
